 - Parking Lot/Town Center
 - Seminary/Echols
- III. Open Space Discussion Recommendations/Public Comment**
- IV. Finalize Language of Letter to City Council**
- V. Transportation Alternatives Report**
- VI. Upcoming Meetings**
- VII. Next Steps**

Beauregard Rezoning Advisory Group City Council Resolution

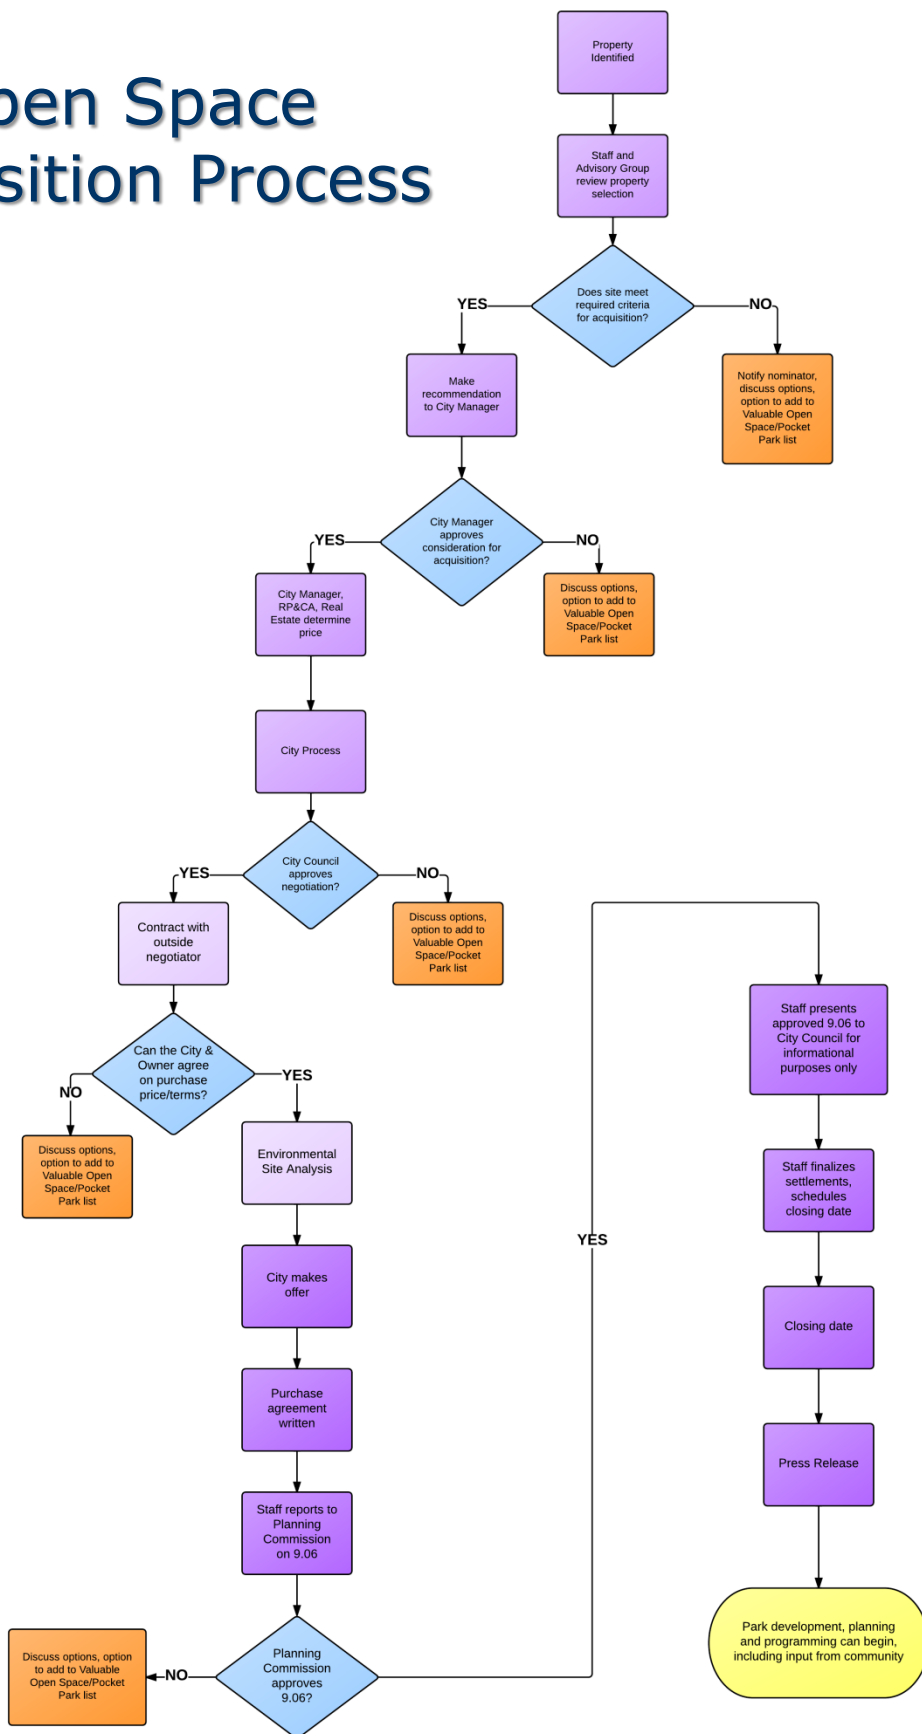

That the mission of the Advisory Group shall be to provide recommendations to City staff on the Beauregard rezoning(s) on the tasks defined herein to ensure consistency with the Beauregard Small Area Plan (excluding affordable housing).

"Provide a recommended site(s) and potential programming for the open space to be acquired using the \$1.5 million federal BRAC funding."

That the Advisory Group would not necessarily need to develop a consensus position, broker a compromise or take formal votes. There may be differing opinions reported to City Council.

Open Space Acquisition Process

Sites Evaluated Overview

Site 1: Polk/Pelham (169.5 pts)

Site 1: Polk/Pelham

5325 Polk Avenue Property

Area: 103,847 s.f./2.38 acres

Zoning: (two zones)

RA: single-family, two-family, townhouse

R-20: single family on 20,000 sq ft lots.

2012 Assessed Value: \$1,500,000

Willing seller: Yes

Existing Conditions:

Trees: Heavily wooded site

Topography: The site has considerable topography with slopes ranging from 15% to 50% slopes.

Existing Development Site Plan:

The property owner has submitted a development site plan to construct 11 townhouse-style condominiums and retain approximately 40% of the site as open space tree retention area

Actions:

Acquisition of property

No acquisition: Owner goes to Planning Commission with the current development site plan under the existing zoning.

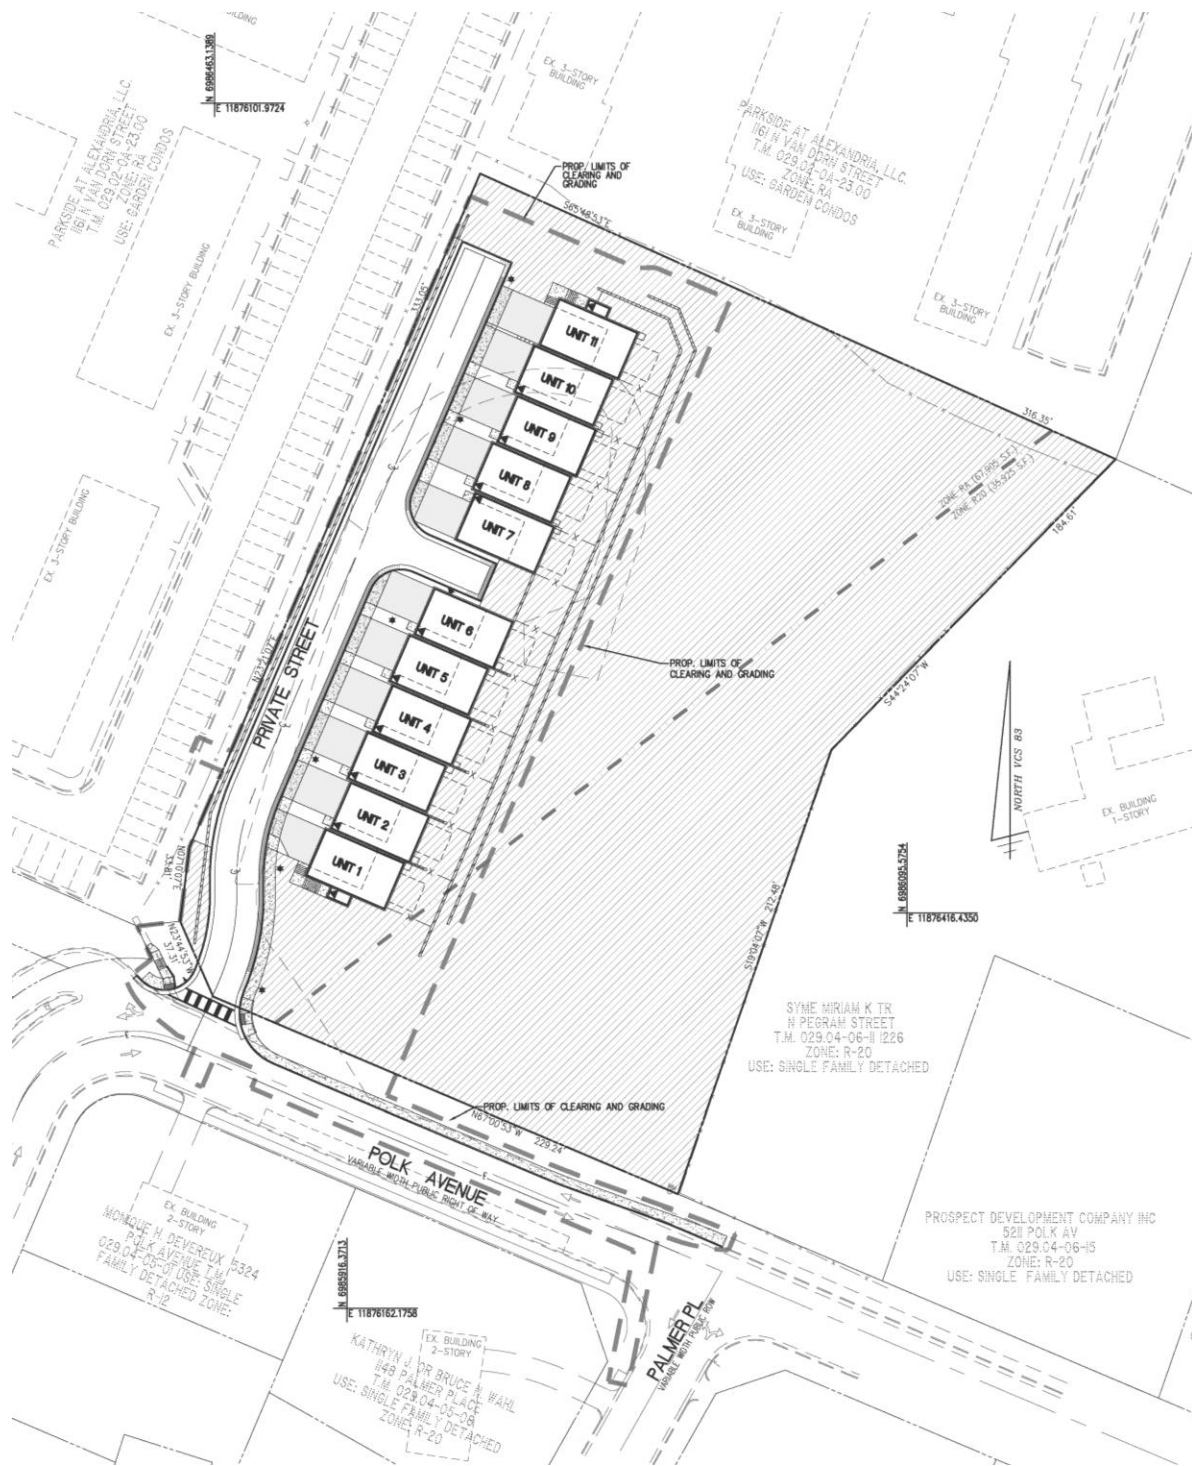

Cost of improvements: \$

(cost is relative to other site options in a range from \$ to \$\$\$)

Total Points: 169.5

Site 1: Polk/Pelham Development site plan

BEAUREGARD

Site 2: Town Center/Parking Lot (116.5 pts)

Site 2: Town Center/Parking Lot

1350 N. Beauregard Street

Area: +/- 37,026 sq. ft. (0.85 ac)

Zoning: CDD #4, RA (underlying)

Approximate Value: \$1,500,000 to \$2,000,000

Willing seller: Yes

Timing/Availability: Phasing, 5-10 years

Existing Conditions:

Parking: 41 spaces displaced, could be accommodated elsewhere

Topography: Generally fairly flat with slopes ranging from 6% to 30%.

The site is adjacent to the planned 7 acre expansion of the Dora Kelley park

Cost of improvements \$\$\$

Asphalt removal, relocation of parking, etc.

(cost is relative to other site options in a range from \$ to \$\$\$)

Actions:

Acquisition: Removal of surface parking lot and phase removal of buildings

No acquisition: Approximately +/- 19,200 sq ft of development. Townhouses and/or stacked townhouses permitted on the site.

Total points: 116.5

Site 3: Seminary/Echols (101.5 pts)

Site 3: Seminary/Echols

5216 Seminary Road

Area: +/- 20,739 sq. ft (0.48 ac)

Zoning: RB, townhouse zone

2012 assessed value: \$766,993 (*\$800,000 as given previously)

Willing seller: Owner contacted several times, including written notification, with no response from property owner.

Existing Conditions:

Topography: Relatively flat, almost no grade changes

Tree cover: Approximately 20 trees

Cost of Improvements: \$\$

(cost is relative to other site options in a range from \$ to \$\$\$)

Actions:

Acquisition: Requires acquisition and demolition of the existing 2,056 sq ft single-family house.

No action: If the site is not acquired for open space, the existing single-family house could be retained. The existing zoning could also permit 7-10 townhouses, subject to the approval of a site plan.

Total Points: 101.5

Discussion – Next Steps

- Update on staff discussion with property owners
- Timing
- Next Steps
- Periodic updates to AG
- Planning Commission 9.06

Public Comment Discussion

Transportation Alternatives Report

- Intersection of Beauregard Street / Seminary Road is a major area of congestion
- Near term improvements are currently being implemented
- Longer term improvements are needed to support the planned development
- Beauregard SAP examined a number of potential intersection improvements, including:
 - Parallel Road
 - Traffic Circle
 - Grade Separated improvement
 - Ellipse Configuration
- Beauregard SAP Traffic analysis analyzed the ellipse configuration
- Council asked staff to prepare a report summarizing the intersection improvement alternatives
- Alternatives Report summarizes the various improvement options and their benefits / constraints
- Beauregard Advisory Group should review the report
- Staff will provide an overview of the report at the Oct 24 Beauregard Advisory Group meeting, and answer questions

Upcoming Meetings

- October 2 – Planning Commission Work Session/Public Hearing
- October 4 – AHAC
- October 18 – AHAC
- October 23 – City Council Work Session

Proposed AG Meeting Dates

- November
- December
- January
- February
